Packing List Reminders

You are preparing for a grand adventure! This is a complete list of everything you will need during your semester at OA. Unless found under the “Optional” section, please consider everything on this list required. As a community that values Simple Living, we ask that you not bring items beyond this list. Extra items will be sent home with your parents or stored on campus. As you pack, please keep these things in mind:

1) You will work hard and get dirty on campus, so please leave items that are fragile, delicate or of great sentimental value at home.

2) We have all kinds of weather in North Carolina from hot & humid, to snow & freezing rain! Consider this as you choose clothing layers.

3) Personal storage on campus is limited to one set of shelves per student and underneath each bed. A set of 4 shelves is generally 8-10” deep, 12” wide, and 4’ tall. A trunk 14” tall or less will fit underneath the beds.

4) Please label your clothing and gear with permanent marker or clothing labels to keep our belongings organized!

Outdoor Programs
Packing List Reminders

1) Pack your Outdoor Clothing and Gear in a separate bag from your Campus Clothing and School Supplies. We will check on Opening Day that you have everything you need to begin Orientation Trek the following morning. Having Outdoor Gear and Clothing in a separate bag will help streamline that process.

2) For safety and comfort ALL outdoor clothing needs to be made from wool, fleece, polysynthetic blends, or polypropylene. Cotton clothing will not keep you warm when wet like other materials. Cotton clothing can be packed for the Campus Clothing List.

3) Please do not bring a Down-Insulated sleeping bag. We get far too much rain to keep it dry.

4) Thrift stores and consignment shops are great for purchasing gear on a budget and work just as well as more expensive gear. If you cannot find gear locally, we recommend these sites:

   - www.rei.com
   - www.diamondbrand.com
