

Ok, I'm coming to OA and... wow, I have lots of questions!

We can't wait to see you arrive on campus on Opening Day. We also understand that between now and then, you may have a million questions about life at The Outdoor Academy.

Although the Admissions Office has been your primary point of contact through the application and enrollment process, we would now like to introduce you to some other folks on campus. They can help with the sorts of questions that regularly come up between enrollment and the start of a semester. Please reach out to them directly via email or phone (828-877-4349), and they will be glad to help!

Additionally, please reference our [Curriculum Guide](#) and [Community Manual](#), both of which cover a great deal of information. The [Enrollment FAQ](#) page may also be helpful in providing the information you seek.

For questions about...	Please contact...
Academics, course selections, independent studies, or other questions pertaining to the Curriculum Guide	Katie Rowlett (Admissions Manager) -- admissions@enf.org
Travel arrangements, Opening & Closing Day questions	
Outdoor programming, including questions about appropriate clothing and gear, safety, risk management, etc.	*Hannah Blue Rose (Outdoor Ed. Manager) hb@enf.org
