## Course Registration & Transcript Information: Trimester

This form is for students whose sending schools use a schedule best described as a **trimester**. Trimester schedules differ in whether core classes (e.g. Algebra 2 or English) cover one or two semesters, or if they occur the full year. Most schools using a trimester schedule can fill out the following form and adjust credit weights as needed once the student returns from The Outdoor Academy. Thus, each course on the official OA transcript will have a "0.5 credit"

weight, indicating half a year's worth of credit, unless an alternative credit weight is approved by OA's Dean of Academics.

## Instructions

Please note: all Outdoor Academy Courses are taught at the **honors level** and will be credited as such.

**OA Core Classes: English, Environmental Science, History, Art, PE, and Health & Wellness.** All students get to take these six courses.

**Additional Offerings: Math, Spanish or Independent Language Study** (for those already taking a non-Spanish language). Students choose **up to two** of these courses. If the student does not need math and/or a language, they have a choice of an extra study hall period and/or OA's unique **Nature Writing** elective. All students have at least one **study hall period**.

You may view our [Curriculum Guide](#) for a full description of any of the above courses. If you have questions or would like assistance as you are filling out this form, please call or email us (828-877-4349, admissions@enf.org).

## OA Core Classes: All students get to take these courses!
