### Course Registration & Transcript Information: Trimester

This form is for students whose sending schools follow a scheduled best described as a **trimester**. Trimester schedules differ in whether core classes (e.g. Algebra 2 or English) cover one or two trimesters, or over the full year. Most schools using a trimester schedule can fill out the following form and adjust credit weights as needed once the student returns from The Outdoor Academy. Thus, each course on the official OA transcript will have a "0.5 credit" weight, indicating half a year's worth of credit, unless an alternative credit weight is approved in advance by an OA administrator.
