Course Registration Form: Spring 2027

Course Registration & Transcript Information: Trimester

This form is for students whose sending schools follow a scheduled best described as a **trimester**. Trimester schedules differ in whether core classes (e.g. Algebra 2 or English) cover one or two trimesters, or over the full year. Most schools using a trimester schedule can fill out the following form and adjust credit weights as needed once the student returns from The Outdoor Academy. Thus, each course on the official OA transcript will have a "0.5 credit" weight, indicating half a year's worth of credit, unless an alternative credit weight is approved in advance by an OA administrator. You can view our [Curriculum Guide](#) for a full description of each course.

OA Core Classes: Honors English, Honors Environmental Science, Honors World or United States History, Art (Appalachian Craft), PE (Outdoor Leadership & Physical Education, and Health & Wellness. All students get to take these six courses.

Additional Offerings: Honors Math, Honors Spanish or Independent Language Study (for those already taking a non-Spanish language). Students choose **up to two** of these courses. All students also have at least one **study hall period**. If the student does not need math and/or a language, they have a choice of an extra study hall period and/or OA's unique **Nature Writing** elective.
